We are 1641, Descartes or "the thinking thing", as he calls himself, is meditating about the existence of a god + telling apart soul and body. Medieval follies apart, the fun here comes from his ingenious methodology building the argument. First, he admits being aware of his ignorance therefore prone to errors.

Discourse on Method and Meditations on First Philosophy ...

Descartes' Meditations is one of the most commonly studied texts in introductory philosophy courses. Rather than simply telling the reader what to think, Meditations invites them to undertake a philosophical journey for themselves.

[PDF] Meditations On First Philosophy Third Edition ...

Descartes' task of operating solely by means of individual reason is both impossible and inadvisable. Furthermore, his project is a performative contradiction: the notion of individual reason opposes the adoption of collectively achieved knowledge, yet the text serves the very purpose of intruding upon the reader's individual sphere of reason.
